

Husaberg and Team Corner Grass win 2008 Alberta Endurance Ice Racing Association title!

At the fourth and final round of the AEIRA series, riders Jay McGregor and Nick Riewe scored their second win of the season and secured the overall title. The 2008 series consisted of four - six hour endurance races, making for a total 24 hours of intense endurance racing. The action throughout the series proved to be very close between all the front running teams. It was so close that at the final round the three fastest lap times (set by three different riders) were separated by only 0.2 seconds over a four minute lap time. Team Corner Grass held two of those fast laps.

At the end of round three the series points chase was tied between Team Corner Grass and JT Racing (last year's champs)...the title chase had come down to the final round. Round four brought more close racing and drama. Team Corner Grass pitted on lap 24 with a broken shifter sustained in a minor crash, loosing two minutes. Then on lap 63 JT Racing had to pit because of a flat rear tire, also loosing nearly two minutes. The lead was traded several times throughout the day; but in the end Team Corner Grass won by three and a half minutes.

“We have completed 24 hours of racing and our Husaberg ran flawlessly. The FS650c proved to be a very reliable and capable endurance racing machine; it never let us down.” reported Nick Riewe. Jay McGregor also commented, “We are very proud to put Husaberg and Team Corner Grass on the top step. It's unfortunate that half the season was cancelled due to the absence of the Num Bum 24 hour event. However, we are certainly looking forward to the 2009 endurance ice season and the close racing it will surely bring.”

Jay and Nick would like to thank everyone who helped make the 2008 AEIRA season a big success for Team Corner Grass - Husaberg, Ronwood, VP fuels, and their very professional pit crew (the Pruden Family).

A white rectangular sign with green text and graphics, set against a background of snow. The sign features a large gear graphic behind the text. At the top corners, there are small circular logos for "PROVIA" and "PROVIA". At the bottom right, there is a "VP Racing" logo.
